

EcoSolventPRO™

Stop wasting green on OEM inks.

EcoSolventPRO is specifically optimized for Roland, Mutoh and Mimaki printers running Epson print head technology and is manufactured in a world class, ISO 9001 facility, ensuring the highest quality standards. As an outstanding alternative, EcoSolventPRO offers exceptional results parallel, or even superior to, the high-priced OEM inks you are currently using. EcoSolventPRO provides improved scratch resistance, higher density, a wider color gamut, is virtually odorless and offers up to 2 years of outdoor durability... all at a cost of up to 30% less than OEM ink!

Offered in both 440ml cartridges and 1 Liter bottles, EcoSolventPRO can aid virtually any sized shop looking to save money on their ink. Compatibility with Roland, Mutoh and Mimaki printers provides the wide format print industry with a premium and affordable alternative to OEM inks.
